TOTAL DUE

As in all clay target-shooting sports, there is the possibility of pellet deflection off of trees, targets and other solid objects while on the shooting courses. Likewise, pieces of clay targets, even whole targets, may fall near or even strike the shooter. For all of these reasons and for shooter safety, our insurance **requires** the use of ear plugs and protective eyewear. A cap is recommended to shooters as well.

Participants may bring their own firearm and ammunition; however, ammo must be 7 ½ or 8 or 9 shot for use on the clay courses. Participants may purchase ammo at the facilities during the shoot. Firearms may be shared, but safety precautions must be used at all times.

I understand the inherent risks involved in recreational firearm shooting, and by my signature, release Warriors Mark Wingshooting* and all other parties of any liability for incidents or injury incurred in the use of Warriors Mark Enterprises, Inc. facilities.

One Sheet per participant (signatures required)
